

## MEXICO WATCHING FOR TIMES SUSPECTS

At Request of State Department Will Arrest Any Refugees.

MEXICO CITY, Oct. 26.—The authorities of the Pacific Coast cities of Mexico have been furnished with descriptions of three men, who it is believed by the authorities in Washington were involved in the dynamiting of the Times building in Los Angeles, but in accordance with information at hand by officials of the foreign office no arrests have been made.

Foreign Minister Cuello said that, so far, he had received no advice from Pacific ports where it is believed by the grand jury investigation of the Times explosion was indicated today in messages received at the district attorney's office from Earl Rogers, who took north with him last night thirty or more subpoenas to be served on San Francisco men wanted to testify before the inquirers.

The message from Attorney Rogers

concerned his interview with Chief of Police Seymour of San Francisco relative to the serving of the subpoenas, and though none of the officials connected with the investigation would make a statement, it was apparent that further difficulties more or less serious were expected.

Rogers' message is said to have conveyed the information that Seymour's intervention had interfered with the plan to serve the subpoenas and bring the witnesses down to Los Angeles at once to give their testimony, and it may be that the most important part of the grand jury's investigation which will begin tomorrow will be delayed as a result. Rogers intended to return here as soon as the subpoenas which were issued from Judge Wiley's court last night had been served, but it now is uncertain whether he will be able to return this week, and even if he does, whether he will be able to procure the immediate attendance of the men whose testimony is particularly desired.

The report of the disagreement between Rogers and Seymour created some uneasiness among the local officials, who had expected to have some important testimony ready for the grand jury when it begins the investigation tomorrow morning. The absence of Rogers and the San Francisco witnesses, however, will not halt the probe. A number of subpoenas were served here today and the witnesses summoned by these will be put on the stand. But their testimony is not regarded as unusually important, as most of those summoned are said to be Times employees who escaped from the explosion and fire.

LOS ANGELES, Oct. 26.—That obstacles have already been encountered in the task of procuring witnesses for the grand jury investigation of the Times explosion was indicated today in messages received at the district attorney's office from Earl Rogers, who took north with him last night thirty or more subpoenas to be served on San Francisco men wanted to testify before the inquirers.

The message from Attorney Rogers

WITHIN THE REACH of every woman's health and strength. They're brought to you by Dr. Pierce's Favorite Prescription. This medicine, and there's a wife and certain cure for all the chronic weaknesses, depressions, and diseases peculiar to the sex. It will build up strength, and invigorate every "run-down" or delicate woman. It regulates and assists all the natural functions, never conflicts with them, and is perfectly harmless in any condition of the female system.

At some period in her life, a woman requires a general, as well as a specific, tonic and nerve. If you're a tired or afflicted woman, turn to "Favorite Prescription." You will find it never fails to benefit.

Dr. Pierce's Favorite Prescription is a non-narcotic, non-purgative and most potent invigorating, restorative tonic and strengthening medicine, especially adapted to woman's peculiar requirements by an experienced specialist in the treatment of her diseases.

**I Don't Force the Eyes to Perform**

That is a dangerous method often adopted by opticians who are not thoroughly versed in the study of the eyes. I fit you with glasses that aid and strengthen the eyes to perform their duties, in a way that will eventually restore their usefulness.

## SKY MEN REPORT SAFE

(Continued from Page 1)

had a hard time fighting our way through, but did not suffer any very severe hardships.

**WINNERS ARE TOLD.**

The Associated Press correspondent was the first to inform Post that the America II probably was the undisputed winner of the Gordon Bennett cup. The sky voyagers did not see any of the other balloons in the drift eastward, as they proceeded in the farther north than either the Dusseldorf or the Germania.

Mr. Post did not appear to be greatly excited over his experiences and showed more interest in the fate of Walter Wellman, inquiring eagerly as to how he had fared in his attempt to cross the Atlantic. He was disappointed that the attempt had proved a failure.

Post and Hawley will leave for Quebec Thursday morning.

**NEW YORK, Oct. 26.**—Alan R. Hawley and Augustus Post, the aeronauts of the balloon America II, for whom search had been prosecuted in the Canadian wilds, are safe and have established a new world's record for sustained flight. They traveled approximately 1,350 miles and came to earth in Chicoutimi county, Quebec, on Wednesday, October 19th but were not heard from until today, when telegrams sent from St. Albans, Quebec, reached New York. The balloonists started from St. Louis with nine other contestants in the international contest on Monday, October 17th. All the other balloons have been reported.

Two messages from Hawley and Post were received in New York early today. One was to William Hawley, brother of the aeronaut, the other to Samuel P. Perkins, pilot of the balloon Dusseldorf II, which until tonight had been considered the winner.

The message to Hawley read:

"Landed in wilderness week ago fifty miles north of Chicoutimi. Both well—Alan."

The Perkins message ran:

"Landed Paribonka river, north Lake Chibougan 19th. All well; returning—Hawley, Post."

With receipt of the news there, there ended a search which had come to be regarded by many as almost hopeless and in which the governments of this country and Canada were participating.

**CONCEDES THE RECORD.**

Young Perkins, who accompanied Lieutenant Hans Gerike in the Dusseldorf II, conceded as soon as he received the telegram from Hawley and Post that he and the German had lost first place to the New Yorkers. Perkins had estimated the distance traveled by the Dusseldorf II at 1,240 miles. He was overjoyed at hearing from his long lost rivals and quickly dispatched the message of congratulation to Hawley and Post.

Indications are that you have broken the world's record for sustained flight in a balloon. Please accept my sincerest congratulations on your skill. You are the only ones I would be glad to see win outside myself. I know from my own experience what you must have risked to make such a trip.

William Hawley shouted with elation when he heard of his brother's success and safety. For a week he had been under constant strain and had been in hourly communication with points in Canada from which he hoped to receive news of the landing. He had sent J. H. Pope and Edmund Stratton to Ottawa to carry on the search, but he notified them tonight of the happy ending.

**ST. LOUIS, Oct. 26.**—L. D. Dooler tonight gave out the official distances made by the balloons as follows:

America II (American), Alan R. Hawley, pilot; Augustus Post, aide. Landed at Lake Tebishtigama, near Paribonka, Quebec. Distance, 1355 miles.

Dusseldorf II (German), Hans Gerike, pilot; S. F. Perkins, aide. Landed at Kiskiskine, Quebec. Distance, 1230 miles.

Germania (German), Hugo Von Abercon, pilot; August Blackett, aide. Landed at Cocococatche, Quebec. Distance, 1190 miles.

Helvetia (Switzerland), Theodore Scharck, pilot; A. Armbruster, aide. Landed at Ville Marie, Quebec. Distance, 850 miles.

Hamburg III (German), Lieutenant Vogt, pilot; W. F. Assmann, aide. Landed in Lake Nipissing, Ontario. Distance 795 miles.

Azurea (Switzerland), Emil Messner, pilot; Leon Graudan, aide. Landed near Biscotasing, Ontario. Distance, 772 miles.

Ile de France (French), Alfred LeBlanc, pilot; Walter De Numm, aide. Landed at Pogamasing, Ontario. Distance, 725 miles.

St. Louis No. 4 (American), E. E. Honeywell, pilot; J. W. Toiland, aide. Landed at Hillman, Michigan. Distance, 550 miles.

Condor (France), Jacques Faure, pilot; M. G. Schmoick, aide. Landed

## KING VISITS REGION SWEEP BY HURRICANE

Desolated People of South Italy Flock to See Victor Emmanuel.

CASAMICCIOLA, island of Ischia, Oct. 26.—King Emmanuel today visited the island of Ischia, where he viewed the destruction wrought by the recent hurricane and cheered the suffering people.

Learning of the king's visit the people came from all around to greet him. For an hour or two the king drove about in a small primitive vehicle, but was soon obliged to abandon this, going about on foot among the fallen trees, collapsed houses and heaps of mud and stone.

Prior to the king's departure for Naples this evening the island women, many of them carrying babies, crowded around the king, wishing to kiss his hands.

**200 FATALITIES.**

ROME, Oct. 26.—Minister of Public Works Sacchi, who is visiting the scene of Monday's storm in the vicinity of the Bay of Naples and the Gulf of Salerno, telegraphed to Premier Lussatti today, describing the gravity of the disaster and setting forth the immediate needs of the sufferers.

The minister stated that two-thirds of the village of Capua was destroyed and many persons were killed. Thirty-four bodies remained unburied today. He estimates the fatalities at 200.

Lack of fresh water is causing much suffering and ships with water supplies have been sent along the coast to relieve the immediate needs. The scarcity of water is due to the rupture of aqueducts and flooding of wells with mud.

**THE GREATEST**

results in cases of weak digestion are obtained from **SCOTT'S EMULSION** because when ordinary foods do not digest, it provides the needed nourishment in highly concentrated form.

**Scott's Emulsion**

at Two Rivers. Distance, 410 miles. Million Club (American), E. Louis Von Paul, pilot; J. M. O'Reilly, aide. Landed near Racine, Wisconsin. Distance, 315 miles.

President A. B. Lambert of the local Aero Club has wired the crew of the America II that they are undoubtedly the winners of the fifth James Gordon Bennett balloon race. The distance, 1355 miles, subject only to confirmation by the War Department.

The prize money, amounting to \$3750 in cash, is deposited here in the name of the Aero Club of St. Louis, and will be awarded as follows, upon receipt of the War Department measurements of the relative position of the balloons.

America II, \$1000; Dusseldorf II, \$600; Germania, \$1000; Helvetia, \$500; Hamburg III, \$250.

**NEW YORK CENTRAL DIRECTORS**

CINCINNATI, Oct. 26.—The stockholders of the Cincinnati Northern railroad here today elected the following as the members of the board of directors for three years: George F. Baker, W. C. Brown, W. H. Newman, James Sullivan and W. K. Vanderbilt Jr., all from New York city.

A meeting of the stockholders of the Cincinnati Northern railroad was held shortly afterward and the following were elected directors: W. C. Brown, W. H. Newman, G. B. Sheldon, New York; M. P. Ingalls, Cincinnati, and C. E. Schaff, New York.

Both lines are part of the New York Central system.

**FIVE LABORERS KILLED WHEN CAR RUNS AWAY**

Work Train Travels Two Miles on Steep Grade at Terrific Rate.

PORTLAND, Ore., Oct. 26.—Five laborers were killed and twenty-five injured late today in a collision between a runaway work car and a flat car on the United Railways Company's line about twenty miles northwest of Portland.

All but two men were foreigners whose names are unknown to the company, who designated each man by a number. The Americans are A. L. Hyman, conductor, dangerously, and C. C. Pruitt, slightly injured.

The men composed a construction gang which had just finished work on a stretch of new track. They and their belongings had been loaded on the work car preparatory to removing it to a new grade. Just as the engine was about to couple onto the car, the brakes gave way and the work car and its load started down the grade, the momentum rapidly increasing. After traveling about two miles at a terrific rate, the work car plunged into a ravine, standing on the track, and the laborers and their belongings were buried in every direction or buried beneath the wreckage.

Three men who jumped from the car were killed outright, and immediately after the accident two others were taken from the wreckage. The dead and injured were placed on a special train and taken to Portland.

**RAILWAYS COMPLAIN OF DELAYED HEARING**

Knapp Replies That Commerce Commission Will Act Quickly.

WASHINGTON, Oct. 26.—By direction of President Taft, Chairman Knapp of the Interstate Commerce Commission has replied to a letter sent to the President by former Representative J. M. Levy of New York, complaining that the railroads were suffering from undue delay on the proposed freight rate increases and criticizing some of the commissioners because of their absence from Washington during a part of the summer.

Levy declared that by withdrawing the new rates filed in the spring, the railroads had acted in good faith in the belief that the government would act in the same manner in expediting the hearings.

In his reply to Levy, Chairman Knapp says in part:

**PLEADS NOT GUILTY TO FIRING FOREST**

SAN FRANCISCO, Oct. 26.—In answer to an indictment returned by the federal grand jury yesterday charging him with having set fire to the Klamath national forest, William Longfellow pleaded not guilty today before Judge De Haven in the U. S. District Court.

In the same court J. E. Williams, alias E. J. Clarys, former pharmacist, pleaded not guilty to all the charges of having raised dollar silver certificates to the funds of the patients of that institution.

David De Costa of Oakland, also indicted yesterday by the grand jury, pleaded not guilty to all the charges of having raised dollar silver certificates to twenty dollar ones.

**BRING EVIDENCE REGARDING PRIAR LAND DEALINGS**

MANILA, Oct. 26.—D. C. Worcester, a member of the Philippine commission, Frank W. Carpenter, executive secretary of the Philippines, and Charles H. Sleeper, director of the bureau of lands, will leave here for Washington on November 15th. They will take with them all the records bearing on the controversy over the Priar lands in the Philippines. Messrs. Worcester and Carpenter have been charged with buying and leasing Priar lands, and they will be prepared to appear as witnesses in any investigation that Congress may hold.

**REGISTERED MAIL LOST.**

COUNCIL BLUFFS, Iowa, Oct. 26.—It was learned today that a registered mail pouch destined to San Francisco was lost on Burlington train No. 15, which left Chicago Monday. The loss was discovered when the mail transfer was being made here to a westbound train, but the fact was not made public at the time. The value of the pouch is unknown. Secret service men have been put to work on the case.

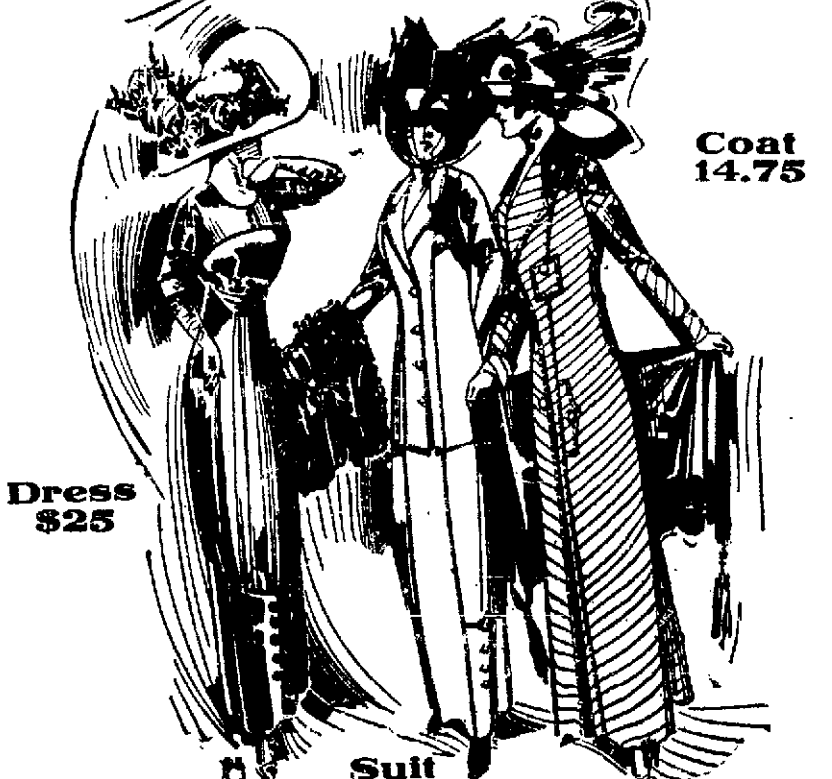

**MOURNELLO GOES FLYING.**

MOORELON, France, Oct. 26.—Jacob M. Dickinson, American secretary of war, made a short aeroplane flight at the military aerodrome here this evening as a passenger with a French officer, Ensign Lafont. M. Gobe took up Senator Bacon and others of Secretary Dickinson's party.

## Women's Suits & Dresses Priced Below Values

A New York Maker, in distress at having several large orders cancelled, accepted our buyer's cash offer for 118 Suits, Coats & Dresses...They have just been unpacked &

Go On Sale this Morning

Coat 14.75  
Dress \$25  
Suit 22.50

Gray Worsted Suits \$22 1/2

These handsome suits are the very acme of elegant simplicity...of smooth gray worsteds, trimly tailored on the lines of this season's most popular models. The coats are semi-fitting of the shorter variety, satin lined, and the skirts belong to the new class of moderately narrow in both plain gored and plaited effects.

Under ordinary buy & sell courses these suits would necessarily bring \$30.

But we did not pay the full price, neither will you, we sell them at \$22.50.

**Striped Broadcloth Suits 18 1/2**

In this lot are a number of handsome striped broadcloth suits with 34 inch coats and flaring skirts. Colors are blue, brown & heaver. Just like some we sold earlier at \$25...These, only 18.50 (all sizes, 34 to 44)

**Persian Net Dresses \$25**

These extremely stylish and pretty dresses are worth \$30 to \$35, but we mark them \$25. They are of Persian net clouded with black or navy blue chiffon. Skirt is finished with deep satin band like cut...The yoke is of fancy net.

**Broadcloth Coats only \$15**

Long black broadcloth coats, strictly tailored, lined throughout with satin, semi and tight fitting, length 58 inches long, all sizes, \$15

**Fancy Serge Dress only 19.75**

Women's one piece dresses, of fine French serge, has net yoke and fancy sleeve, skirt in the new gore effect...Colors are navy, reseda, Copenhagen, garnet and black, 19.75

Full line of hallowe'en novelties 5c to 15c  
Horns 5c to 1.25

**Gottschalk's**

## MIOT IS TO HAVE CHARGE OF TULARE EXHIBIT AT LAND SHOW

Secretary of Board of Trade to Leave Visalia Today for Chicago.

The Porterville Trustees Planned to Have Saloon Vote Month Ago.

VISALIA, Oct. 26.—A. E. Miot, secretary of the Board of Trade, leaves today for Chicago where he will have charge of the Tulare county exhibit at the Irrigated Lands Products Exposition. Tulare county has been accepted an excellent and advantageous location in the big outdoor and the display is expected to attract much attention.

The exhibit is all boxed and will be forwarded shortly, going according to arrangements made with the traffic departments of the railroads, as baggage, thereby making the trip much more expeditious than it would be by freight. This arrangement will be in effect on the railroads between the 25th and 30th of November.

Mr. Miot will make short stops in Los Angeles and New Orleans and will spend several days in Nashville, Tennessee, his old home, which he has not visited in thirty years. He will arrive in Chicago before the 15th of November and will put the exhibit in place.

It has been learned that the city trustees of Porterville have had in mind their present move to cause another vote on the saloon question in that city, for no less than a month. About three weeks ago they made a request to the county clerk to provide registration affidavits for a "straw" vote to be taken, and the date was fixed as Saturday, the 23rd instant. Secret secrecy was maintained and the matter did not leak out in Porterville until a few days ago.

The Anti-Saloon League has taken up the fight against the "wet" forces and the belief is expressed that the town will go "dry" by a much larger margin than at the former election.

The preliminary campaign of Joe Lavalle, a local Italian, charged with

## L. A. TIMES SUSPECT RELEASED FROM JAIL

Fire Destroys Two Story Hotel in Hanford; Loss Is About \$2500.

HANFORD, Oct. 26.—Mortimer J. Field, who was arrested recently in this city as being a suspect in the Los Angeles Times disaster, was released from custody Monday morning by Los Angeles authorities, having been found to be innocent. The man, who is a resident of Los Angeles, on the evening of the disaster, was in the city and was not in the building when it was destroyed.

Shortly after a week, this morning a fire broke out in the two-story hotel on the southwest corner of Fifth and Phillips streets, resulting in almost a total loss of the building.

The fire started in the rear of the building, and the fire department arrived in about five minutes. The fire was extinguished by the fire department.

The fire was caused by a gas leak in the kitchen. The fire department arrived in about five minutes. The fire was extinguished by the fire department.

The fire was caused by a gas leak in the kitchen. The fire department arrived in about five minutes. The fire was extinguished by the fire department.

## PORTERVILLE MERCHANTS CURTIN TALKS ABOUT AMENDMENT NUMBER 1 UNANIMOUSLY VOTE AGAINST SALOONS

Point to Era of Prosperity Under Dry Town Conditions.

Women in Mass Meeting Take Stand Against Return of Liquor Selling.

PORTERVILLE, Oct. 26.—At a largely attended meeting of the Merchants Association held in the Chamber of Commerce last evening, the question of the saloons in Porterville was brought up for discussion. The association, which is composed of the leading business men of Porterville, at the meeting, when J. H. James made the motion that the association go on record as opposing any further granting of saloon licenses, the motion was carried with but one dissenting vote.

The motion was passed after a spirited discussion in which reference was made on many occasions to the prosperity which this city has enjoyed during what is known as the "dry" period.

Attention was called by J. H. James in the fact that there has been in the past year of the prohibition, an increase in bank deposits to the amount of \$100,000, that building permits for homes have reached a total of more than \$150,000, and that business has been at a high level.

It is evident that the campaign, while it is to be short, will be filled with vigor. The anti-saloon forces are united as they have never before, and the town is in a position to win.

A mass-meeting of women held at the M. E. church this afternoon passed resolutions which practically mean that the women as a class will boycott all those firms, the members of which are on record as favoring the open town policy.

Reports have been had from the M. E. church that the women have been successful in their efforts.

The work of the Chamber of Commerce has been this year very effective as shown by the records which have been kept of the new arrivals here in the last eleven months. It is shown that directly through the activities of the chamber and the aid of the community, more than forty families have been brought here and thus far these families have made investments in the property of this section and have expended cash for the same to the amount of \$80,000.

From letters which have been received in the past several weeks it is evident that the coming fall and winter is to be one of the most prosperous and the most active in real estate lines of any season in the history of the Porterville district.

Orders have been issued from the headquarters of the freight department of the Southern Pacific to the freight crews doing pick-up work here that hereafter all crossings are to be left open and that there is to be no interference with the regular street traffic.

This order follows a request which was sent to the freight officials of the road from the Merchants Association. In this request attention was called to the fact that on numerous occasions the street crossings have been blocked for periods of from ten to twenty minutes.

Members of the Florina Literary Club met at the beautiful home of Mr. and Mrs. E. E. Graham last night to celebrate the eighteenth anniversary of the founding of the organization. Dinner was served to the guests at 7:30, every being held for about thirty, all of the members of the club entertaining as the guests of honor for the evening the husbands, who are usually excluded from the deliberations of the society.

The charter members of the club who were present with their husbands were: Messrs. and Mesdames E. E. Graham, H. M. Hathaway, P. E. Graham, W. E. Brown, A. J. Neuhart, H. W. Oakley, W. H. Grant, J. C. Carr, E. N. White, F. W. Velle, J. A. Unger, Peter A. Ting.

George Rogers, a carpenter at work upon the roof of the new hotel building at Stratmore, early this morning came in contact with a wire carrying a heavy power current, which threw him from the roof of the structure with the result that he suffered a broken leg and a dislocated shoulder.

Rogers fell eighteen feet and in addition to his more serious hurts, is a mass of bruises from falling into a heap of rubbish on the ground beneath the eaves of the building.

Effective tomorrow, changes will be made in the mail service for which work has been going on during the past month. Hereafter the motor train leaving here on the Southern Pacific at 5:55 will carry mail to Goshute, where a Fresno pouch will be made up reaching the Halsey City at 10:00. A pouch of San Francisco mail will also be made up, reaching the city at 4:25.

Today the building committee of the city council granted a building permit to Marshall & Rigby for the erection on the Southern Pacific reservation of a brick warehouse, which is to be 75x100 feet in size and which will cost \$5,000. With this permit the total for the week thus far is about \$25,000.

Seventeen new students were admitted to the grammar schools today, making the total enrollment of all departments about 900. It is the belief of the school authorities that the total by the end of the month will be easily 1,000.

**CATARRH**  
A SYSTEMIC BLOOD DISEASE  
Catarrh is not merely an affection of the mucous membranes; it is a deep-seated blood disease in which the entire circulation and greater part of the system are involved. It is more commonly manifested in the head, nose and throat, because of the sensitive nature of these membranes, and also because they are more easily reached by irritating influences from the outside. The symptoms of Catarrh, such as a tight feeling in the head, nose stopped up, throat clogged and dry, hacking cough, etc., show that the tiny blood vessels of the mucous membranes are badly congested and inflamed from the impurities in the circulation. To cure Catarrh permanently the blood must be purified and the system cleansed of all unhealthy matter. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the bottom of the trouble and makes a complete and lasting cure by **PURIFYING** the blood. Then the inflamed membranes begin to heal, the head is cleared, breathing becomes natural and easy, the throat is no longer clogged, and every unpleasant symptom of the disease disappears. S. S. S. is the greatest of all blood purifiers, and for this reason is the most certain cure for Catarrh. Book on Catarrh and medical advice free to all who write.

## WEATHER CONDITIONS

SAN FRANCISCO, OCT. 26.—Forecast:  
San Joaquin Valley, Fair, cooler on  
Thursday, light north winds.

## GENERAL CONDITIONS

Fair weather continues from the Pacific to the Rockies under the influence of an area of high barometric pressure that now covers the entire Northwest. The disturbance in the Canadian Northwest yesterday morning has moved to the upper Mississippi valley. Rapidly rising pressure at the rear of this storm has caused a sharp fall in temperature over Washington, Oregon, Montana and the Canadian Northwest, amounting to from 12 to 20 degrees. Rain in Montana, Wyoming and western South Dakota has attended the fall in temperature. The eastern depression has caused rain over the lower lakes and the middle Atlantic and New England states during the last 24 hours and it is now passing to sea off the New England coast with greatly increased energy. Elsewhere east of the Rockies the weather is fair while temperature changes have been less important.

The indications are that generally fair and slightly cooler weather will prevail in Fresno and vicinity tonight and on Thursday, probably with increasing cloudiness Thursday.

W. E. BUNNETT, Local Forecaster.

Observations taken at 5 p. m. yesterday:

Air temperature, 65°.  
Highest temperature yesterday, 68°.  
Lowest temperature yesterday, 52°.  
Humidity, 70 percent.  
Wind, W. 10 m. per hour.  
Rainfall Sept. 1st to date, .01 in.  
Generally fair and slightly cooler weather Thursday, increasing cloudiness Thursday.

## HOLD INQUEST OVER BODY

## OF MARK BILLS, WHO

## DIED IN FIRE

## Accidental Death Is Verdict;

## Funeral to Be Held

## This Morning.

## Citizens Subscribe \$175 to

## the Fund to Help Desti-

## tute Family.

Accidental death in a fire which de-  
stroyed the home of his parents, at  
1441 N street was the verdict of the  
coroner's jury which heard evidence  
yesterday of the inquest over the re-  
mains of Mark Bills, the 2-year-old  
son of Mr. and Mrs. E. Bills, corner  
Reed and Mountain view streets.  
The funeral will be held this morn-  
ing at 10 o'clock from the home of  
the family, at Mountain view street.  
Burial will take place at Mountain view cemetery.  
Attended in black and sobbing almost  
continuously, Mrs. Bills took the wit-  
ness stand and related the facts con-  
cerning the death of her little boy.  
With tears coursing down her cheeks,  
the heart-broken mother told of hear-  
ing the cries of her son and rushing  
into the kitchen she saw the little  
boy lying on the floor. The little  
boy was trying to escape from the  
flames.

In her arms, Mrs. Bills held her 2-  
month-old baby. She did not dare  
enter the pantry for fear that the  
child would be burned. As she returned  
to the kitchen after placing the  
baby in a position of safety on a sofa  
in the parlor, she heard Mark scream  
"Mamma" and then saw him fall back  
into the furnace of fire. That was the  
last she saw of him alive.

In response to an appeal for finan-  
cial assistance, neighbors and kind-  
hearted citizens who heard of the dis-  
aster have come to the aid of the  
stricken family. Yesterday morning  
the fund was opened at the business of-  
fices of the newspapers. Up to 10  
o'clock last night approximately \$175  
in cash had been subscribed. The  
fund and a large quantity of groceries  
and clothing had been given. Up to 4  
o'clock yesterday afternoon \$113.50  
had been subscribed by the employees  
of the San Joaquin Light & Power  
company. Mr. Bills' father, the  
late E. Bills, is an electrician in the employ of  
this company. As this is only a partial  
list of the collections, more money  
will be secured from other employes  
of the power company today. A partial  
list of donations from the employes  
of the Republic gives \$22.25.

The Tribune employees  
gave \$18.25 and the Herald workmen  
added \$13 to the fund.  
Mrs. Cook, a neighbor, called in sev-  
eral friends of the bereaved family  
yesterday and conducted a sewing  
bee. Clothes for the three surviving  
children were made. The destitute  
family is now at the home of Mrs.  
Fredericks at 1419 L street. Mrs. Mar-  
tinson purchased \$30 worth of  
clothes from Radin & Kamp, getting  
the goods at cost. H. M. Cobbley  
gave a box of groceries and a gas  
range. Inasmuch as the family lost  
everything in the fire, the public is  
responding liberally to the appeal for  
funds and it is believed that the list  
will reach the \$500 mark.

## PERSONAL MENTION

## MRS. FRANK GORDON

## DIES AT SANITARIUM

## Husband Died Year After

## Marriage; Funeral To-

## morrow Morning.

Annie Gertrude Gordon, wife of the  
late Frank Gordon, son of Alexander  
Gordon, of Sacramento, died at a local  
sanitarium at an early hour yester-  
day morning. Death resulted from an  
operation performed Sunday.

Before her marriage to Frank Gor-  
don, she was Miss Gertrude Landrum,  
daughter of Mrs. Bettie A. Landrum  
of 1252 P street and sister of Joe N.  
Landrum, a local real estate dealer.  
The deceased was a native of Califor-  
nia and 35 years of age. Her husband,  
the late Frank Gordon, died a year  
after his marriage to Miss Landrum.

Coming to this city when a girl,  
here and received her education in  
the public schools of this city. She  
was a prominent member of the First  
Christian church and took an active  
part in church circles. For years she  
was the leading soloist in the church  
choir.

The funeral will be conducted from  
the First Christian church at 10 o'clock  
tomorrow morning. Interment will  
take place at Mountain View ceme-  
tery.

## IN THE LODGE ROOM

RAISIN CITY, F. B.  
Raisin City Lodge No. 32, Fraternal  
Brotherhood, met last night with a good  
attendance. Three applications for mem-  
bership were received and Oliver Wil-  
lingham was initiated. The master card  
of the lodge was read and the card  
was accepted as a member. All sick mem-  
bers were reported improving. On next  
Wednesday the annual "hard times" so-  
cial will take place. Pitzer will be given  
by the lodge and gentlemen; also for the  
most come here times costume. On De-  
cember 5th the drill team will give an  
exhibition drill and dance at Armory hall.  
After lodge closed the regular social  
dance was enjoyed by the members and  
friends.

## "HIGH FIVE" QUOTING AT LOW FIGURES, SAY ADVISERS

Bear Movement Continues to Crop Up in Reports From East.

Speculators Make Neat Margin on Deal in 1909 Seedless.

Letters just received here from the East state that the "High Five" are quoting seedless raisins on a basis of 1 1/2 cents, and 2 1/2 cents for immedi-

ate sale, and are in some cases cutting under this general quotation. Coinciding with this information, Raisin Row is a report, pretty generally accepted, that the organized interests are engaged in an effort to run the price down to about the basis named. It is believed that the report is based partly on the fact of the quotations. The latter state that the "High Five" are quoting at 5 1/2 and 5 3/4 cents on fancy, and sales are being made at 5 1/2 cents.

This is all going on while it is admitted in many quarters that the situation is very favorable for a price of at least 3 1/2 cents, with a proper strength shown in this end of the market.

That efforts at bearing the game are palpable is a general remark, and at times makes a good deal of trouble. With statistics showing that allowing for average consumption that the present crop should clean up easily, with no carry-over now to contend with, and with the trade in a position where it might soon begin the buying operations, there is no reason, it is pointed out, for any slushing of prices.

"I hope the growers camp on their goods, and these fellows who are quoting futures at such figures as the growers cannot make any money on the deal, all get stung good and hard."

said one influential grower yesterday. "The growers are holding well, and I hope they make these people come to their fodder."

Advices from the East place the price of a leading lot at the price of fancy bleached, from 1 1/2 to 1 3/4 cents asked, as Tuba City. Rosenberg Bros., 11 P. Stabler and the California Fruit Growers' Association of course in doubt. It is stated, however, that some of the Fresno packers and the San Francisco heads of firms are willing to meet this figure. A reason entirely outside the question in seedless observed just now. The Eastern firms of Hahnel, Braun & Company, J. H. Hahnel, and Wood and Kelly bought heavily some time back, in 1908 Thompson, and some of the stock was shipped by water, and is now being resold on spot to jobbers, at a profit to the speculators, at 5 1/2 and 5 3/4 cents. Packers are asking 3 1/2 and 4 1/2 c. b. here. It is not believed that spot operations will continue to supply the trade for any length of time.

The packers here are confining their operations mainly to buying of crops that can be worked up into layers, the amount of buying, however, owing to the strong feeling the growers generally continue to show, is small.

## MEAD UNABLE TO COME TO FRESNO

Dr. Elwood Mead, formerly at the head of irrigation investigation at Berkeley and now chairman of the Water Supply Commission of Australia, will not be able to visit Fresno, as he had intended to do. With a party of government experts from Australia, he had attended the national irrigation congress at Pueblo, where he met John S. Dore. He told where he was going to show his party irrigation as carried on in Fresno. Yesterday Mr. Dore received a note from Dr. Mead, saying: "I have been so pressed for time that it is impossible for our party to go to Fresno, and so we will miss one of the most interesting and instructive portions of the state."

## JOINT HALLOWE'EN SOCIAL IS PLANNED

The Y. W. C. A. has extended invitations to the Y. W. C. A. to a Halloween party Monday night, October 31. The ghosts, goblins and witches will assemble at the Y. W. C. A. hall at 8 o'clock. Some noted historic shades are expected, as well as some famous fortune tellers. Various forms of weird entertainment are planned for the jollification of the ghostly guests.

## "GRANDFATHER CLAUSE" SUSTAINED IN OKLAHOMA

GUTHRIE, Okla., Oct. 26.—That the "grandfather clause" amendment is constitutional was held by the Supreme Court today in the case of Atwater vs. Hissett from Oklahoma City. The court held also that the equal procedure under which the amendment was adopted is valid, all votes cast against the proposition being counted for it.

The "grandfather clause" disfranchises many negroes.

## KERMAN HIGH SCHOOL WILL GIVE A COURSE IN DAIRYING

Boys and Girls in Madison Ranged in Contest in Reading.

Merced Teachers Join Association; New Method in Reading.

Superintendent Lindsay in his automobile took yesterday on official visits Barstow district, Kerman high and grammar and Madison district schools.

His reports that the Kerman high school will give an agricultural course with a class once a week, to which parents of pupils and all others interested are invited. The teacher will be Mr. Kauffman, connected with the College of Agriculture, who was given a special certificate to teach by the county board of education on his credentials. The course will be more specially in dairying and in the judgment of the judge, Mr. Kauffman, a special certificate to teach by the county board of education on his credentials. The course will be more specially in dairying and in the judgment of the judge, Mr. Kauffman, a special certificate to teach by the county board of education on his credentials.

In Madison district school, Mr. Lindsay found one month ago that the children were not as adept readers as he wished them to be, and so the visit yesterday was as per promise to note what improvement would have been made in the interim. There being still room for improvement, promise of another visit one month hence was made. Mr. Lindsay secured at the Merced County Teachers' Institute meeting on Tuesday seventy-five members for the Central California Teachers' Association. State Superintendent Hyatt and Mrs. Hyatt attended the institute in Mrs. Hyatt's address, and Mr. Lindsay reports that the address of Mrs. Hyatt on "Method in Reading" especially commended itself to the assembled teachers.

The address dealt with the method introduced at Pasadena by the late City Superintendent Coffman, but confined to the sixth grade for the reason only as given that there were not enough books in the school libraries for a general adoption of the system in the city schools. The plan was in effect to permit the child to take up any book in the library for reading lesson purposes in school, and the result was that while for the first year of the experiment 75 per cent of the children favored books of fiction, the second year saw a reduction to 35 per cent and books of general knowledge became the favorite reading.

It was the experience that the pupils coming into the high school after taking this course of reading were better grounded in general reading. Mrs. Hyatt related numerous amusing incidents as showing the popularity of the

system among the children. Such a thing for general and instructive reading was developed that it was common for a pupil to read in whole or in part as many as seventy books in the term being permitted to take out book after book until our was found to suit his taste, and even stated, said Mrs. Hyatt, that children chose to remain in the school to continue to enjoy the privilege of the library as sixth grade reading pupils.

Particular mention was made of a little Mexican boy, who could not find anything to appeal to his literary tastes until "Black Beauty" came into his way, and this he read and reread until he had almost memorized the beautiful story. The case of this little fellow was one among incidents out of the ordinary that were cited.

Mrs. Duly M. Smith has been sent to substitute as teacher at the Riverside district school for Miss Mary Fosatta, who has been summoned home to Calaveras because of a serious accident to her brother.

Mrs. Cook has been sent to Laton school to substitute for Miss Emma Parker in the intermediate class.

## FOUR PERSONS JOIN CHRISTIAN CHURCH

Last night at the tent meeting of the Christian church, Rev. C. L. Beal discussed the question of whether a man may be saved because of his conversion. He is all right, The Apostle Paul was taken as an example and it was shown that he committed certain crimes at one time, which he afterwards admitted were done through ignorance. A person's consequent depends on a person's moral training. A wicked person may be acquitted by his conscience yet he will be condemned by God because he has been given him by Jesus and he refuses the light. A person's salvation depends on his obedience to the laws of God.

When the invitation to unite with the church was given at the close of the service two responded.

The subject announced by Mr. Beal for tonight is "Conversion in the Jail."

Yesterday afternoon at 4 o'clock twelve people were baptized by immersion. An invitation was extended just before the baptismal service and two people came forward which makes four added to the church yesterday.

## DAILY RUSH MADE FOR HOUSE NUMBERS

Mail Deliveries Will Be Facilitated by Having the New Figures on the Doors.

The present day activities in the street superintendent's office in the city hall are to furnish applicants with their official house numbers in the territory affected by the new numbering system, especially the newly annexed Belmont area. The postoffice authorities have tentatively adopted the city numbering plan, and the carriers are familiarizing themselves with the location of the new numbers. Residents and property owners have been notified, however, that to insure prompt house mail delivery they will be required to display the official number on the house doors and hence the rush of applicants to the city superintendent. The new plan has not yet been officially adopted by ordinance, but time is being gained meanwhile by having everyone affected familiarize himself with it and putting up house numbers as called for by the plan to be adopted.

For shingles, shakes, posts and grape stakes, try Swastika Lumber Company, O street and Butler avenue, Main 424.

## The Cecilian Piano That Any One Can Play

The Cecilian is in use in many school rooms, Sunday Schools, Y. M. C. A.'s and other places where many people congregate, because anyone can play it. No experience is necessary, nor any skill required. There are no confusing or unnecessary levers or devices. Simply sit down and play. Even a small child can play the masterpieces of the world's greatest composers and the repertoire is limited only by what you wish to play.

We invite you to come to our warehouses and hear the Cecilian and to play your favorite music. You will be welcome whether you come to hear or to buy.

# News of Oil Fields

## NEW COMPANY TO WORK IN VALLECITOS FIELD

Prominent Men Organize  
Close Corporation to Drill  
in Prospect Ground.

Los Angeles advices say that Edward Fox of the Pacific Coast Light and Power Company, and W. H. Bosby, attorney for the Pacific Coast Electric Company, San Francisco, have organized a company to operate in the Vallecitos district. They have leased section 20-16-14, and will have all material on the ground for drilling outfit and camp by the first of November. The new company is a close corporation and has no stock for sale.

The lease is near the holding of the Range 16 oil company, of which J. C. McCormick, formerly of Goldfield, is president. Mr. McCormick made a fortune in mining, and expects to make another one in oil. His company has a portion of the great Ashurst field, which Ralph Arnold and other expert geologists pronounce to be in the best oil bearing part of the Vallecitos field. Superintendent H. G. Helton has everything in readiness for spudding in the last well as soon as the fuel tanks are filled. Oil is now being hauled in from Modesto for that purpose, and drilling will begin within a few days.

## DOHENY COMPANIES TO PAY DIVIDENDS

Dividends for amounts aggregating more than \$51,000 will be paid next week by oil corporations having offices in Los Angeles.

The companies paying the dividends and the amounts to be disbursed are as follows:

American Petroleum Company, \$56,158.75; American Oilfield Company, \$17,083; Mexican Petroleum Company, \$78,995.81; Mexican Petroleum Company, \$42,546.83; Huasteca Petroleum Company, \$119,427.

E. L. Doheny, who has large oil holdings in California and Mexico, is one of the principal stockholders of the above named companies.

The dividend to be paid by the American Oilfield Company is the first that has been declared by the directors of that corporation. The dividends will be disbursed November 1st.

**NASHVILLE OILING STREETS.**  
Nashville, Tenn., is now oiling all new streets that are built and all old ones that are repaved, expecting in this way to ultimately get most of the streets of the city oiled, excepting up-town paved streets. Rock is abundant at Nashville and all of the streets are well built, but unfortunately the rock is soft limestone, wears rapidly and makes a tremendous amount of fine dust, so much so that it is necessary to sprinkle all of the streets of the city.

**RELIEVES WATER FAMINE.**  
TAFT, Oct. 26.—The Union has succeeded in relieving completely the water famine that was causing delay in drilling operations on its lease on 15-23-22 by piping a supply from its water wells near Maricopa.

## BIG PURCHASE MADE OF MEXICAN OUTPUT

Waters-Pierce Co. Buys  
2,500,000 Bbls; No Danger of Overproduction.

By the signing of a contract in Los Angeles the other day between Henry Clay Pierce, head of the Waters-Pierce company, and the Huasteca Petroleum company, the largest oil field of Mexico was removed from the possibility of a commercial competitive struggle. The demand for oil already in sight is sufficient to absorb the maximum production of the companies that compose the Mexican Petroleum corporation. It is likely that the development will be accelerated.

Mexico will not be threatened with the danger of over-production for some time to come. The foreign markets stand ready to take all the oil that the Huasteca can produce.

The contract calls for the delivery to the Waters-Pierce refinery at Tampico of a minimum of 2,500,000 barrels of crude petroleum, the delivery to be made over a period of five years. The price is \$5.50 a barrel. The Waters-Pierce company agrees to take 1,000,000 barrels as soon as it can be delivered. Afterward the delivery will be at the rate of 200,000 barrels monthly.

It is stated that \$250,000 has been paid in advance to the Huasteca Petroleum company. By this transaction the Waters-Pierce company obtains the cheapest crude oil that it has ever used at its Los Angeles refinery and strikes a serious blow at the Pearson (English) interests in Mexico.

## TO START SOON ON NATURAL GAS PLANT

B. C. Oliphant of Buffalo, N. Y., manager of the California Natural Gas Company, which was recently incorporated in San Francisco to conserve for domestic purposes the great gas production of the Midway territory, is now in Bakersfield with officials of the Standard Oil Company, which owns the gas wells. He says actual work on the new company's plant will commence early in December.

The company already has in the Midway district thirty miles of 4-inch pipe. The laying district material ready for central plant will be established on section 26, where the Standard's biggest well is located.

## ARIZONA MAY PROHIBIT USE OF THIRD DEGREE

Committees Agree on Formation of a Public Utilities Commission.

PHOENIX, Ariz., Oct. 26.—A combined railroad and public utilities commission is provided for in a proposition to be presented tomorrow to Chairman Jones of the constitutional convention, to the Arizona constitutional convention. The proposition has been sanctioned by a majority of the railroad and public service corporation committees which will recommend its adoption. It provides a membership of three, one to be elected every two years. The commission is to have general supervision of railroads and all public utilities.

The committee on legislative department will probably not report the initiative and referendum proposition tomorrow as expected, though the committee has completed a tentative draft of the measure which will be offered as a substitute.

Of the propositions introduced today, interest centered in the proposed declaration of rights, introduced by F. L. Ingraham, of Yuma, which makes the police method known as the "third degree" a crime; that of S. E. Bradner, of Cochise, prohibiting assessment of office holders a requirement of fees as a requirement to have the name of a candidate for any office placed on the ballot.

## STEAMSHIP SAID TO BRING "BERI-BERI"

BELLINGHAM, Oct. 26.—The steamship Beagle Dollar from Orient port via Seattle entered this port for a lumber cargo for Shesha last night, among the Chinese crew. The ship was forced to anchor in the stream and a guard was placed over her.

One Chinese sailor has died and the vessel will be held in quarantine until the health officials determine the cause of his death.

## ADMINISTRATION IS TO TAKE PART IN OHIO CAMPAIGN

WASHINGTON, Oct. 26.—President Taft has decided to send two of the members of his cabinet to Ohio to take part in the last week of the campaign for the Republican ticket. Secretary of State Knox will speak in Cincinnati November 1 and at Columbus November 2. Secretary of the Treasury Mac Veach will make several speeches.

## KING'S SKIPPER DIES

LONDON, Oct. 26.—Captain John Carter, the skipper who commanded King Edward's yacht Britannia, died today.

## EX-GOVERNOR DIES

ATLANTA, Ga., Oct. 26.—Allen Daniel Candler, twice governor of Georgia, died today at the age of 75. Governor Candler was a colonel in the Confederate army.

## MILITARIST DIES

PARIS, Oct. 26.—Louis Anthoine Grenet, the military writer, who shot Major Dreyfus in the wrist on the occasion of the transfer of the remains of Zola to the Pantheon on June 4, 1905, died today.

## DINUBA COMPANY IN SAND AT 4000 FEET

100 Feet of Pay Dirt Is Pierced; Good Producer Is Expected Now.

DINUBA, Oct. 26.—Considerable interest is being taken in the affairs of the Southeastern Petroleum Company, which has been drilling a well in the Dinuba field and the hole is located just south of the Mohawk in the Coalings field and the hole is about 4,000 feet down with a 4-inch casing at the bottom. Already the drill has been sent through over 100 feet of oil sand of a very light gravity and it is expected that shortly the well will come in with one of the best grades of oil in the entire field. Among the stockholders are a large number of Dinuba people, including Dr. R. E. Morton, E. Seligman, A. Shorman, A. B. Clark, E. S. Phillips, Anton Iverson, R. L. L. Morton.

## TEXAS CONCERN TO FIGHT STANDARD CO.

In control of the leading oil fields in Texas, John W. Gates, head of the Texas company, has begun an open warfare against John D. Rockefeller's Standard oil company. The Texas company has established 33 stations in the east, and before January 1 will open a general distributing station in Brooklyn, from which oil will be sold at a price considerably below that asked by the Standard Oil company.

The Texas company has an office at 11 Broadway and an entire floor at 17 Battery place, from which the operation of the new oil corporation will be directed. Besides the oil wells in Texas, the company will draw on vast oil fields in Oklahoma, where pipe lines are being laid to pump oil to the seaboard.

With plans for the combat against Standard Oil completed, John W. Gates and his associates returned to New York from Texas last week.

## LOSES HIS LEGS IN AN EFFORT TO SAVE A DRUNKEN MAN

LOS ANGELES, Oct. 26.—In an effort to save a passenger from death or injury, Joseph Ostrow, a suburban car conductor, lost both his legs today. Ostrow's car was at a railroad crossing near Pasadena at the time. The passenger, who was inebriated and almost helpless, was trying to alight after the conductor, who had gone ahead had signaled his motor car to start across. The man was coming to the hand rail about to fall off when Ostrow caught him and in trying to help him back aboard the car, was himself thrown under the wheels.

Both of Ostrow's legs were so badly mangled that they were amputated by few hours later.

## NUMEROUS REPORTS TO VATICAN

ROME, Oct. 26.—Monsignor Tonti, the Papal nuncio at Lisbon, who recently returned to Rome, had a long conference today with Cardinal Merry del Val, the Secretary. He discussed with the secretary the reports received by the Vatican, concerning events in Portugal.

## BOTANY SPECIALIST DIES

LONDON, Oct. 26.—David Pearce Penhallow, professor of botany at McGill University, Montreal, since 1883, died today aboard the steamer Lake Manitoba, upon which he arrived at Liverpool yesterday from Montreal.

Professor Penhallow was born at Kitterlin Point, Maine, May 25, 1854. He had written extensively on botany.

## GREATEST MEDICINE ON EARTH

A prominent citizen of Danville, Ind., writes:—"I was ill for five months with a pulmonary trouble, and had the best of doctors. I had hemorrhages and was in a very bad way. Through the advice of a friend I tried Vinol, and I feel that it saved my life. It is all you recommend it to be. I believe it is the greatest medicine on earth. I have advised others to try Vinol, and they have had the same results."

(Name furnished on request.) We want every one in this vicinity who is troubled with chronic colds, coughs, or pulmonary troubles—to come to our store and get a bottle of Vinol.

If it does not go to the seat of trouble—heat the inflammation and stop the cough—we will cheerfully return every cent paid for it. This shows our faith—and proves that you take our chances. Do we mean it? Come and see. Monroe Drug Co., Fresno, Cal.

"with strength and ease they always please"

## TWO HORSE OVERALLS

MADE BY  
LEVI STRAUSS & CO.

EVERY WARMER WARMER

the Perfect Wash for fine Hair

Vernon	107	101	.515
San Francisco	106	102	.510
Los Angeles	98	115	.455
Sacramento	75	122	.383

YESTERDAY'S RESULT  
Oakland, 4; Vernon, 3, 7 1/2 innings.  
Portland, 1; Los Angeles, 0, 12 in.  
Sacramento, 2; San Francisco, 1.

TODAY'S GAMES  
Vernon at Oakland. Portland at Los Angeles. San Francisco at Sacramento.

SAN FRANCISCO, Oct. 26.—It took eleven innings today for Oakland to capture from Vernon the desirable and tied the score at three hits and three runs in the ninth inning.

In the last of the ninth he eased up and before he found his bearings again Oakland had collected three hits and two runs, tying the score. Willett was a little shaky in the tenth, but avoided complete rout until the eleventh, when Oakland gathered two more hits and the winning run. Harkins was batted heavily until the critical moments, when Vernon could not find him for drives that would count in the run column. The score:

VERNON.

## ANTI-BETTING LAWS KILL RACING; HORSES ARE GOING TO PARIS

LEXINGTON, Oct. 26.—Clarence H. Mackay started today moving his Kingston stud from this city to France, where he will establish a great breeding plant near Paris. This is the severest blow to Kentucky breeding interests since the recent New York law outlawed racing.

## DOUBLE-HEADER TO BE PLAYED IN AFTERNOON

Local Fans to Witness Two Games for Price of One Sunday.

Frank L. Dickinson, manager of the Tigers, announced yesterday that the scheduled double-header with the Modesto Reds will be pulled off Sunday afternoon at Recreation Park, the first game starting at 2 o'clock. The second game will begin as soon as the first is completed, allowing ten minutes' intermission for the change of pitchers to "warm up."

Heretofore the local teams have battled in the morning and again in the afternoon, with an intermission of three hours. The fans were compelled to pay two admissions while Sunday they will see two games for the price of one. Mobley and Jensen will pitch for Modesto, with Schimpff and Jones opposing from the hill top. Buck Owens will catch for Fresno. Captain Palm will be behind the bat for the Reds. In a recent double-header at Modesto Dickinson's men won both battles but all the luck was with the Tigers. Aside from teamwork, the Reds are as fast as the locals.

JAPS LOSE GAME, 20-0  
OSAKA, Japan, Oct. 26.—The University of Chicago baseball team defeated the University of Waseda nine again here today. The score:

U. S. C. DEFEATS U. P.  
SAN JOSE, Oct. 26.—The Rugby team of the University of Southern California Law School today defeated the University of the Pacific on the college park field by a score of 29 to 0.

DIXIE KID IS A WINNER.  
NEW YORK, Oct. 26.—"Dixie Kid," claimant of the welterweight title, defeated Dennis Tighe of Scranton, Pa., in a ten-round bout here tonight.

THE HARDEST THING  
"What's the hardest thing about roller skating when you're learning?" asked a hesitating young man of the instructor at a rink.  
"The floor," answered the attendant—Youth's Companion.

## SEALS ALMOST WIN WITH BUSHER ON THE MOUND

Brigham Fielder Has One Bad Inning; Arellanes Twirls Great Ball.

SACRAMENTO, Oct. 26.—Brigham Fielder, former pitcher in the Major League, was sent in to beat the Senators today, and had one bad inning. Danzig opened the sixth with a triple, was trailed by Buras and Shum with singles, two runs scoring. The Seals made their home run in the sixth, Mobley getting a single, being sacrificed by Fisher, and scoring on McCardle's single. Arellanes pitched good ball, allowing but three scattered hits. The score:

FAMOUS GOLFER IS DEAD  
PHILADELPHIA, Oct. 26.—Willie Anderson, professional golfer at the Philadelphia Cricket club and one of the most widely known exponents of the game, died yesterday of hardening of the arteries. He was 31 years of age and was born in Scotland.

## WILLIE HOPPE MAKES A RUN OF 150 IN MATCH WITH CUTLER

NEW YORK, Oct. 26.—Willie Hoppe, the 18.1 billiard champion, in his handicap match with Albert Cutler tonight made a run of 150. It was the third night of play and the score was Hoppe 330 to Cutler 322, the latter, however, playing at 18.2, the handicap allowed by the terms of the match.  
The score to date:  
Hoppe 308.  
Cutler 324.  
Play will be resumed tomorrow night.

## "VIC" HANSON SIGNS TO MEET GUNBOAT SMITH AT COALINGA

COALINGA, Oct. 26.—In answer to his challenge to the winner of the Smith-Brown heavyweight contest, which took place in this city Saturday night, Vic Hanson, the popular middleweight, returned to Matchmaker Eddie Burns today the signed articles for a boxing contest with Gunboat Smith. The winner of last Saturday's battle, the Gunboat, proved his ability in this contest by slugging an easy victory over the George Brown of Coalonga, the latter's trainees throwing the towel into the ring at the end of the fourth round.

The Hanson-Smith articles call for the date of November 19 in the Coalonga arena, both men to enter the ring at catch weights. The contest is already the most talked of contest in the history of the Coalonga club as Hanson is stepping out of the class in which he has always been fighting.

## CALIFORNIA BABIES WIN FROM ST. MARY'S IN CLOSE GAME

BERKELEY, Oct. 26.—The second varsity team of the University of California defeated St. Mary's by a score of 6 to 0 this afternoon. A 55 yard kick to touch delivered from the shadow of the varsity goal by Full Back Filer and a passing rush in the second half by Emerson and Barnett of the California Babies overcame 60 yards were among the sensations of the play.  
During the first half, the Oaklanders were forced to save St. Mary's with Baker taking the lead by a 25 yard pass to Emerson. The second wave came at the end of the half when the Babies took the lead by a 25 yard pass to Emerson. The second wave came at the end of the half when the Babies took the lead by a 25 yard pass to Emerson.

## SON OF AN EARL DIES IN NAPA

David T. Hanbury Had a Rather Adventurous Career.

VALLEJO, Oct. 26.—David T. Hanbury, explorer, author, reputed son of an English earl, and owner of Island No. 2 in the Napa river, died tonight at White Sulphur Springs, where he had gone for his health. He had only been at the springs since Saturday.

Hanbury came to Vallejo seven years ago and purchased Island No. 2. Five years ago, he married a Benicia telephone girl and two years later divorce proceedings were brought in San Francisco. A reconciliation was brought about before the case was concluded. The couple returned here and Hanbury derided the island to his wife. His brother John, from England, came forward with another deed. As a result of this confusion the couple eloped to England a year ago and it is reported that an agreement was reached whereby the wife's interests were protected.

## PRESIDENT JORDAN BACK FROM EUROPE

STANFORD UNIVERSITY, Cal., Oct. 26.—After absence of six months, President David Starr Jordan returned to Stanford University from his European tour, but will remain on the campus until November 4th, when he will leave for Toronto, Canada, in the interest of the International Fish Commission.  
He spent most of his time while in Europe furthering the cause of international peace, delivering lectures on the subject in Berlin, Paris and London.  
On his retirement from the presidency of Stanford, President Jordan expects to devote all of his time to the peace movement.

## CENTENARIANS RESCUED FROM FIRE IN ASYLUM

NEW YORK, Oct. 26.—Three women and one man each reputed to be more than 100 years old, were among those rescued when a fire broke out in the cellar of the home of the Daughters of Jacob tonight. There were 110 women in the home and in the annex were eighty old men.  
Mrs. Alice Davis, who is reputed to be 115 years old, was one of the first rescued by two policemen. Mrs. B. Marcus, said to be 106, and donor of the home, and Mendel Edmond, who is reported as being 103 years old were also carried out.

\$2250,000,000 FOR WAR.  
From a speech by Lloyd George, the British chancellor of the exchequer, at the Mansion House, July 14.  
But I must admit that the increase in expenditures, not only in this country, but in every land under the sun, is due to what this first and distinguished old soldier, Lord Charles Balfour referred to in the house of commons the other day as the mad and insane competition in armaments between the various countries of the world. The countries of the world are spending annually 40,000,000,000 pounds (£22,500,000,000) upon this machinery of destruction. In twenty years there has been an increase of 200,000,000 pounds sterling (\$1,000,000,000) per annum on this expenditure. All nations seem to be infected with an epidemic of prodigality in that respect, which seems to be sweeping over the world and sweeping to destruction. We take the lead in that expenditure.

## HORACE FOGEL TRIES TO BLOCK DEAL OF PLAYERS

Clark Griffith Says President of Phillies Cannot Crawl Out Now.

CINCINNATI, Oct. 26.—I shall fight to the last ditch to carry out the deal between the Cincinnati and Philadelphia National League baseball clubs. If President Fogel of the Philadelphia club can call off a trade agent it has been agreed and witnessed, then the foundation on which organized baseball stands is taken away.

This was the statement made today by President August Hermann of the Cincinnati club when shown a telegram from Manager Charles S. Doolan of Philadelphia, which read: "Fogel blocked deal and called it off."

This message revealed the fact that Horace Fogel, president of the Philadelphia club, is seeking to start a trade whereby Cincinnati gets outfielder Bates, Third Baseman Grant and Pitcher McQuillen and Meren in exchange for outfielder Baskett, Third Baseman and Pitchers Bosse and Ross. President Hermann and Manager Griffith of Cincinnati have for five days regarded the deal as consummated.

CHICAGO, Oct. 26.—Clark Griffith, member of the Cincinnati National League club, who is in this city today, declared that the Philadelphia-Cincinnati deal in players was as good as settled.  
"The deal has been made and this talk about President Fogel is nonsense," said Griffith. "He can't back out. McQuillen and I made the trade. It is in writing and suits both of us." But aren't you getting about 100 per cent the better of the deal?" was suggested.  
"Not at all. I am getting some good men but so is Doolan. Patrons of the game want to see changes in the teams of both cities. New men is their cry. It will help both teams."

## VIC HANSON IS WILLING TO TANGLE WITH DAN SULLIVAN

Marietta, Cal., Oct. 25, 1910.  
Sporting Editor Republican—I notice an account in your valuable sporting columns where Baron Long and Montana Dan Sullivan have credited themselves by writing that they have been unable to get me to sign articles to box them. No club has ever offered me a match with Dan Sullivan. I have accepted all the matches that have been offered me. I just boxed Jack Tipsett and Kid George. We box Jack Corbell here on the second and heavyweight Gunboat Smith in Coalonga on the 19th and on the 25th I box before Emory Redfield's club at Berkeley. If I am undefeated in these three matches and if some club will offer Montana Dan and myself a date, Mr. Baron Long will find that I am very easy to do business with. Hoping you will find space for this, I thank you very kindly.  
VIC HANSON, Middleweight Boxer.

## REFUSES TO GIVE UP CONFESSED MURDERER

East St. Louis Prosecutor Insists Upon Trying Burglary Cases.

EAST ST. LOUIS, Ill., Oct. 26.—Chief of Police Purdy tonight refused to let Irish Rhodus, confessed slayer of Dr. W. F. Michaels of Englewood, Chicago, will not be turned over to the Chicago authorities.  
He made his refusal positive and gave as a reason the night robbery case pending against the "Candy Bandit" here.

The cases against Rhodus here are four for robbing drug stores, one for holding up a grocery and three for holding up saloons. In addition there are half a dozen similar cases pending in St. Louis.

Rhodus was disappointed tonight when he was informed that he would not be returned to Chicago to answer charges in connection with the death of Dr. Michaels. He reiterated his statement that he would prefer hanging to indefinite periods in penitentiaries.

## BERTHA MAY KING LAYS CLAIM TO "POCKET" BILLIARD TITLE

NEW YORK, Oct. 26.—Bertha May King, who claims the women's championship at pocket billiards, today announced acceptance of the challenge of Miss Clearwater of Pittsburgh for a match of 400 points, 100 to be played each night, for a trophy and \$500 for the games to be played in New York City.

## STEVE VEOLICH WILL ACCOMMODATE OPPONENT

New Champion of Fresno Says He Will Ride Stay During November.

Steve Veolich, the new champion bike rider of Fresno, yesterday announced that he would accommodate Pete Stay, ex-champion, upon his return from an Eastern trip. Veolich leaves today for Kansas City to be gone a month or six weeks.  
"I would without this stay any kind of a race for a large purse and the championship of the city," said Veolich, "but as I am leaving for Kansas City in a day or two, it will be impossible for me to ride him before I depart."  
"I believe that I have shown that I am the better man by defeating him in last Sunday's ten mile motor-paced race. You will also remember that I beat Stay at the Fresno Fair meet. I sincerely hope that we may get the chance to try conclusions upon my return from the East."

## CONNIE MACK WILL BE MARRIED SOON

PHILADELPHIA, Oct. 26.—A marriage license has been issued here to Connie Mack, manager of the world's champions, and Miss Katherine Hall, a West Philadelphia girl. The marriage will take place within two weeks.

BILLY PAPKE EASY WINNER  
SYDNEY, Oct. 26.—Billy Papke, who claims the middleweight championship of the world, knocked out William, champion of Victoria, in the sixth round today.

## BEAVERS GET AWAY WITH ANOTHER STRUGGLE

Portlanders Register Once in 12 Round and Capture the Bacon.

LOS ANGELES, Oct. 26.—Portland won a twelve-round battle from Los Angeles today by a score of 4 to 0. Good hand play on both sides held the score down. An unusual triple play occurred in the sixth when Ryan for Portland attempted to hunt with one out and two on bases. The hunt resulted in a "pop up" which Catcher Waring was unable to reach, but got it on the ground. He threw to Hamilton who touched Casey, coming down to third and then relayed the ball to Delmas who touched Krueger, going from first to second. The play resulted in argument but the play was ruled in favor of the locals. The play on Casey and Krueger was not a farce-out, as Ryan was out the moment he hit the in-field fly. The score:

LOS ANGELES.

**"BITTEL'S SELLS IT FOR LESS"**  
**For High Class Furnishings We Have No Superior**  
If there is one section of this store that excels the other, it is our furnishing section. Here is gathered the finest line of men's haberdashery that has ever been our good fortune to secure. Shirts, ties, hosiery, underwear, hats, etc., in a brilliant display that will make selecting an easy matter. Your taste may demand something serviceable, devoid of any fanciness, or again you may seek the more extreme styles. No matter which you prefer, you will find it here.  
**Clothing Values Were Never Greater**  
Clothing values were never greater than they are this year, here at this store. Nothing but all wool materials have been used and the very best workmen have been employed in their construction.  
You will find a liberal assortment of both suits and overcoats here that will meet with your idea of what a high class garment should be. You will find obliging and conscient
